

Vacant position

Front-End Developer - Remote 50%

(ref. JO-228)

We are looking for a new team member to provide Front-End support as needed, and as a backup to the existing team. This is a fully remote position for EU-based freelancers.

exense GmbH is a software publisher and services company, specialized in Scalable Automation, Performance Engineering, Service Monitoring and Analytics. We are a human-size, bootstrapped company operating for clients based in Switzerland, France and Germany. Our mission is to help companies operate their IT systems in a more efficient way through our in-house built innovative and high-quality products. As an open-core company, we are firm believers in the open-source philosophy, and we pride ourselves on being an open-minded workplace.

Our flagship product Step is a comprehensive platform for unified software automation. Available as SaaS or on-premise, its unique approach allows the reuse of automation artifacts across the whole DevOps lifecycle of applications. From large scale E2E acceptance tests, load-tests to RPA and synthetic Monitoring.

Your responsibilities

As a Front-End Developer, you will support our team with the development of Angular Apps. Your main tasks and responsibilities will include:

- Supporting with the creation of Angular modules
- Debugging and fixing issues within the Angular / TS / HTML stack
- Supporting last steps of our migration from AngularJS to Angular 13

Your skills & experience

We're looking for a dynamic person with solid experience, including:

- At least 2 years of experience in Front-End development with a minimum of 1 year using Angular
- Solid knowledge about Front-End architecture and best practices
- Proficiency with: Angular, TS, HTML, and SCSS
- Familiarities with Git and Jira
- Fluency in English

Do you want to become part of the team?

Please send us your application to hr@exense.ch. **In order for your application to be considered please outline your prior experience with Angular in a few sentences.**

exense GmbH is an equal opportunity employer and values diversity, so all profiles will be considered without any discrimination.
